

Websketching is offering a FREE website to a deserving organization every six months. We are currently accepting applications from Non-Profits, Churches, Schools, Parks, Government Agencies, Communities and Special Interest Groups. The goal of the website will be to provide the recipient with an online presence that will meet their particular needs. The website will be search engine friendly and very easy to navigate. The website will include a Content Management System (CMS) to allow the organization access to easily change the content and photos on the website from any computer with an Internet connection. You will receive free training and full support via phone and email. The package will include a domain name and web hosting for one year*. **The total value of this offer is \$3,209.40.**

Websketching will work closely with your organization to determine the menu (home, services, about us, contact us, etc.) and to help develop the content for the website. We can build in advertising spots if you would like to sell ads to sponsors. Finally, we promise to work hard to deliver a quality website that you will be proud to have representing your organization.

In order to be considered for this offer, please fill out the application below, along with a 500 word essay addressing the topic: "How our organization benefits the community and how a website will help us achieve our goals" and mail to: Websketching FREE Website Offer, PO Box 226, Woodstown, NJ 08098.
